

**REMARKS**

This paper is filed as supplement to Applicants' earlier response to the Notice of Drawing Inconsistency with Specification. Applicants originally submitted their response on February 16, 2008. However, in a phone conversation with Office representatives today, Applicants learned that the amendment had not yet been entered and were advised to submit this paper.

Applicants previously submitted a corrected application in which new paragraph [0014] of the corrected application was included as part of the Brief Description of Drawings. The newly-added paragraph comprised a single sentence that briefly described FIG. 4. In this paper, Applicants expressly identify the amendment to the Specification, as instructed today by Office representatives.

**CONCLUSION**

Applicants request that the Examiner call the undersigned if clarification is needed on any matter within this Amendment.

Respectfully submitted,

Date: March 6, 2008
